

Maintaining stillness in today's hectic world can be challenging.

SereniSelect™ provides natural support for relaxation and calmness with a unique and potent blend of 3 clinically researched & time-honored ingredients.*

The National Institutes of Health estimate that 40 million Americans experience overwhelming levels of anxiety and stress. Successful coping strategies include **lifestyle modifications** such as meditation, yoga and deep breathing, and **supportive dietary habits** such as limiting intake of caffeine, refined sugar and processed foods.*

Thoughtful, targeted supplementation can provide additional support for attaining a relaxed mood and serene mind. Each nutrient and botanical in SereniSelect™ is researched for offering safe & beneficial calming effects.*

- **GABA (Gaba Aminobutyric Acid)** - A calming inhibitory neurotransmitter found naturally in the brain and gastrointestinal tract, GABA helps support healthy mood regulation and enables the relaxation of tense muscles.*
- **L-Theanine** - A soothing compound found naturally in tea, L-Theanine has been researched to help promote feelings of relaxed, alert calmness and to help support restful sleep. Provided in its well-studied, patented form: Suntheanine®.*
- **Holy Basil (Tulsi)** - This restorative Ayurvedic adaptogen helps to balance stress, support tranquil mind states and calm nerve pain. Tulsi also balances metabolic markers, and provides antioxidant, anti-microbial & anti-inflammatory benefits.*
